

KEY works with students in Dallam School, providing a lunch time drop-in, and in the local village primary schools supporting with Year 6 transition and introduction to our youth groups. 1-to-1 mentoring support is also available by individual arrangement.

Activities are youth-led and can include sports, life skills, games, crafts and cooking.

around the Kent Estuary**

# KENT ESTUARY YOUTH PROJECT

## KEY Fundraising

Our young people take an active part in fundraising for their own clubs as we recognise the economic climate isn't easy for all our young people and families.

## Holiday Provision

Activity days and trips during the school holidays are planned through consultation with our young people.

*Residential weekends*

**Could you help us by becoming a Volunteer?**

Contact us if you can offer skills, support, or a listening ear with the young people at our clubs or if you are interested in becoming a trustee.

## Our Mission

We aim to enable young people to 'Unlock their Potential.' KEY employs professional youth workers to deliver informal education with a programme designed to provide creative learning opportunities that appeal and engage with a wide range of young people within the community. We are committed to being grounded in our local community and actively encourage and value the contribution of our local volunteers. We value high levels of youth participation, our programme of youth work is youth led – developed through a consultation process between young people and our youth work staff team.

## Social Action Projects

These are projects developed by the young people to help others in their community. They also include leading or working in partnership on inter-generational events such as Milnthorpe light festival, fun days etc. This helps young people to have their voice heard in their local community.
